

A photograph of a stream in a forest. The water is dark and reflects the surrounding trees and sky. The banks are covered with fallen leaves and some green grass. The text is overlaid in the center of the image.

Wald und Klimawandel

- Unser persönlicher Bezug zum Wald -

Guck dir
mal den
Wald an!

A photograph of two women standing on a gravel path in a forest. The woman on the left has long, wavy brown hair and is wearing a dark blue jacket. The woman on the right has dark hair and is wearing a black quilted jacket with a fur-lined hood. She is pointing her right index finger towards a tree in the distance. The forest is filled with tall, thin trees, many of which are bare, with some brown leaves still clinging to the branches. The ground is covered in fallen brown leaves. Two white speech bubbles with black outlines are overlaid on the image. The first speech bubble is on the left, and the second is on the right, pointing towards the tree the woman is pointing at.

Da hast du recht,
wir sind verloren
ohne den Wald.

Die sind ja fast alle
schon komplett
vertrocknet.

A photograph of two women standing on a dirt path in a forest. The woman on the left has long brown hair and is wearing a black jacket and blue jeans. The woman on the right has long black hair and is also wearing a black jacket and blue jeans. She is gesturing with her hands towards the trees. A white speech bubble with a black border is positioned above her, containing the German text "Weiß du noch als wir hier...". The forest is filled with trees, many of which have brown, fallen leaves on their branches and the ground. The sky is overcast and grey.

Weiß du noch
als wir hier...

... neue Arten, wie den Pilz hier...

... oder den Waldbewohner hier entdeckt haben?

... in unserer Freizeit hier campen waren?

... als wir im Wald spazieren waren ...

(Bewegung ist wichtig für die Gesundheit, um fit zu bleiben!)

... und dabei die frische Luft genießen haben?

(Sie ist übrigens auch überlebenswichtig für uns!)

... die Schönheit der Natur bewundert haben?

(und dabei unsere innere Ruhe gefunden haben...)

A photograph of two young women standing in a forest. They are both wearing dark, quilted jackets and have their hands to their chins in a thinking pose. The woman on the left has long dark hair, and the woman on the right has long brown hair. The forest background consists of many thin, bare trees and a ground covered in fallen brown leaves. Two white speech bubbles with black outlines are positioned above the women, containing German text.

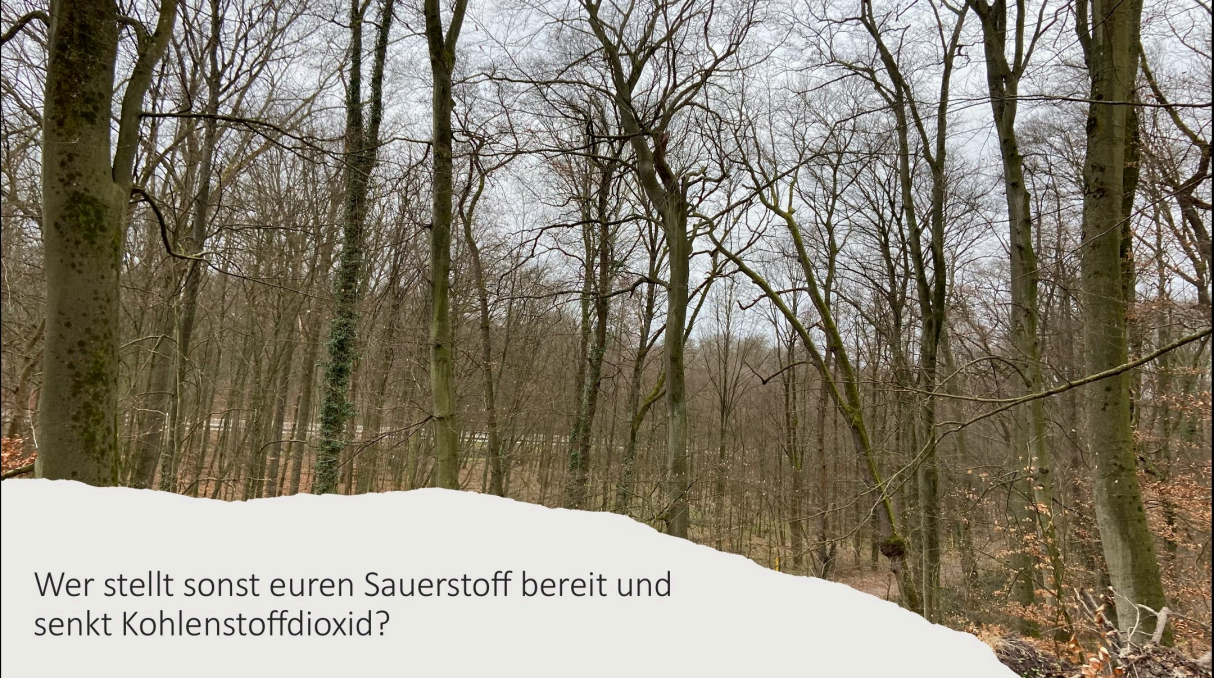

Was passiert, wenn wir nicht mehr Acht auf unsere Umwelt geben?

Was würde der Klimawandel denn bewirken?

Viele Bäume würden darunter leiden...

... und damit würde für uns eine wichtige Lebensquelle verloren gehen!

Wer stellt sonst euren Sauerstoff bereit und senkt Kohlenstoffdioxid?

Wie kommt ihr sonst an eine unserer wichtigsten Lebensquellen ran?

Deshalb sollten wir unsere Natur wertschätzen

... und uns um sie kümmern! ...

... BEVOR ES ZU SPÄT IST...

... ETWAS ZU UNTERNEHMEN!
